Black Orange Yellow Blue White

### MityLite™ 1900

Unlike other torches in the market that have a yellowish beam, the MityLite 1900 uses a hi-intensity Xenon lamp that produces a powerful, bright beam. Use this compact torch to cut through thick smoke, fog, and dust. It is submersible to 150 meters and comes with a twist on/off lens shroud. The 1900 is ideal for any situation. Powered by 2 AAA alkaline cells.

### MityLite™ 1900 Zone 1

The Peli MityLite 1900Z1 is a powerful, compact torch that's ATEX certified safe for use in hazardous Zone 1 (Category 2) locations. This torch is perfect for professionals who work in areas with high risk of explosion such as chemical, pharmaceutical, power, oil and gas, and fire rescue. It's powered by 2 AAA alkaline cells and submersible to 150 meters.
