

FIRE EXTINGUISHER CABINET

- Frontloaded Fire Extinguishers Cabinets for 6 kg extinguishers

Product no.: BLS802

Cabinet with Front Opening for 6 kg Extinguisher

Imagine a fire extinguisher box that not only reliably protects your valuable ally against fire, but does so with style and elegance. Our plastic extinguisher box combines strength, weather resistance, and mounting flexibility in an attractive design—creating a reliable and stylish safety product.

The Lotek Safety Box is a durable and cost-effective solution for protecting fire extinguishers from damage and ensuring they remain easily accessible in an emergency.

Weight without extinguisher	2 kg
Rubber seal and polycarbonate windows	
Plastic toggle, lynch pin and hinge pins as standard	
Buckle web straps	

We reserve the right to modify the technical specifications.

Its robust construction withstands extreme conditions, while its water- and dust-resistant design ensures that the extinguisher is always ready for use. Thanks to its flexible mounting options, this extinguisher holder fits seamlessly into any environment, combining functionality with style.

Made from lightweight, durable polypropylene, it features a precise finish and a smooth surface that's easy to clean. It is UV- and corrosion-resistant, certified for waterproofing, fire resistance, and chemical resistance. A sealable locking system ensures safety, and it is approved as a side protection system for vehicles. The Lotek Safety Box provides reliable protection and easy access to extinguishers in emergency situations.

The sophisticated design of our plastic extinguisher holder offers peace of mind, knowing that your fire extinguisher is secure and easily accessible when needed. Attention to detail and careful material selection ensure this extinguisher holder becomes an integral part of your environment—while protecting you and providing reassurance.
